ALL HEADS DOWN

That's messed up Holly U. you missed this picture.

Maybe the real "GUD FELLAZ' are up there.

I see it's a baby tee but Dag!

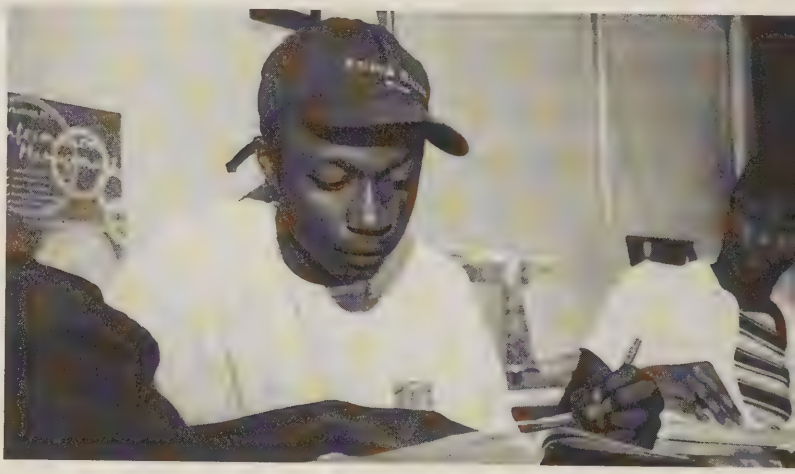
Why are they in my picture.

We still should have gotten Best dressed.

If only this pen had ink.

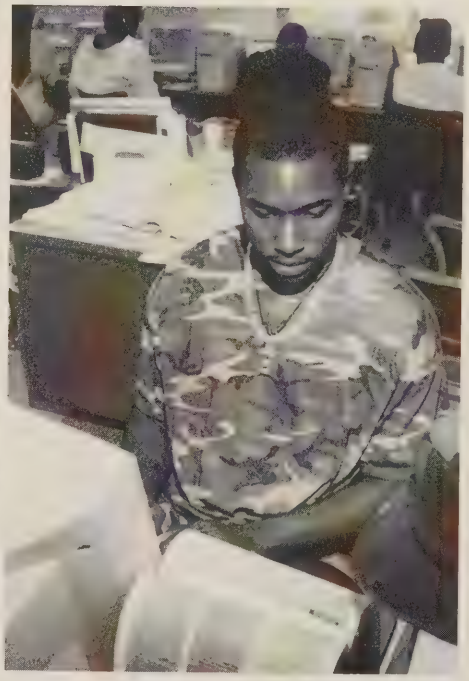
Stay away this is my jacket.

So I Creep.

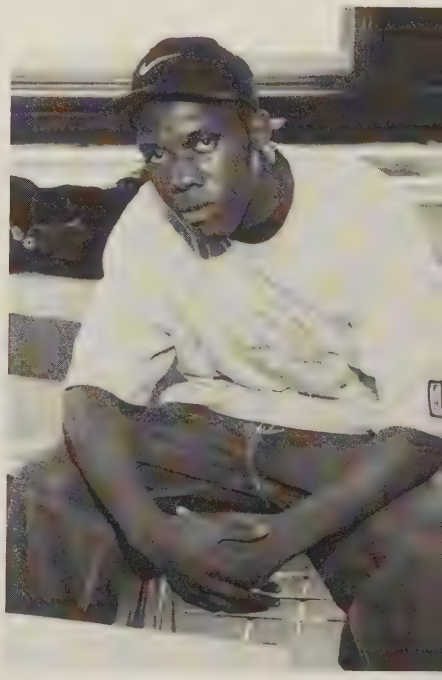


Dear Holly U. All I want is a Kiss.

Are we cute yet?



Look I got the hat too.



Will the real Redman Please stand.

Dear Graduate,

Graduation from high school is a milestone for you and your families. You are now faced with important choices about your further development as a learner and contributor to the betterment of society. The world you are entering is full of challenges and opportunities that require you to continue your development as a learner.

Each member of the Class of 1998 must consider getting a college education or technical education to have a chance at a good life. Completing a two-year, four-year, or technical education is key to better job opportunities, earning more money, and developing your mind in ways that can improve your life.

As young adults you will spend the first several decades of the next millenium in America's workforce. Because the world is changing rapidly, and technology is a large factor in the economy, more and more jobs require education beyond high school. Choosing not to further your education and development is choosing to face limited job satisfaction and a future of low wages. According to a recent study, a man with a college degree earned almost 89% more than a man with only a high school diploma, and a woman with a college degree earned almost 73% more than a woman with only a high school diploma.

Each member of the Plainfield High School Class of 1998 must find a way to develop and prepare for the challenges ahead. Continuing your education is not a luxury. It is a necessity. I encourage you to find ways to develop the knowledge and skills you will need to be productive as adults.

You are capable of achieving success as a learner and have "whatever it takes" to pursue continuing education. Think you can succeed and you will. Set goals, work hard, remain confident and persistent and you will achieve your goals. Continue your development so that you may benefit from all that life has to offer.

Best wishes.

Sincerely,

Larry Leverett, Ed. D.

Dear Seniors:

This letter is written to extend congratulations to each member the graduating class of 1998. Through academic, athletic and extra curricular achievements many students have expressed themselves in a most profound and positive manner. It is for these reasons that your contributions will be forever recorded in the archives of Plainfield High School history.

As principal of Plainfield High School, I further extend respect and best wishes for a successful post secondary experience and future. The same dedication and energy that was devoted to meeting the high school standards must be doubled, in order to effectively compete in a world class environment, against world class citizens.

I am confident that many of you will compete globally, and will be monumentally successful in life's endeavors.

It is an honor to address you as tomorrow's educators, physicians, geologists, astronauts, inventors, artists, caregivers and professionals of all persuasions. I am privilege to recommend your conference for graduation as the Plainfield High School Class of 1998.

Respectfully,

Dr. Leon Edd

To: The Graduating Class of 1998:

In December, 1994, I accepted the responsibility of Class Advisor and spoke to you in the Auditorium setting goals that you needed to achieve to become a Graduate in the year 1998. Back then, **1998** may have seemed like a long way away. Each year, however I kept reminding you about this date through some of the fundraising activities that we sponsored such as: Dorney Park trips, Wednesday Bake/ Icy Sales, Black Greeting Card and Print Sales, A Gospel Play, Octoberfest, Spring Fashion Shows, a Basketball game between the Class of '88 and **'98,** Pool Parties/Dances, Hot Dog, French Fry and Pizza Sales during Basketball season.

As students, you've had to make tremendous adjustments in scheduling to suit the academic requirements for graduation. Through it all, you have succeeded and now you are leaving PHS to embark on a journey that will take you into the next millennium. If you thought that the year **1998** was not realistic in **1994, please** think of the **Year 2000** and continue to prepare yourself to meet the challenges of another century. **It's only two years away!**

All of your hard work as students here at Plainfield High School has given you an incentive to press on beyond these walls. Take advantage of every opportunity that you have to advance yourself in this ever changing society and world.

My prayers are with you as you journey into the next century.
I wish you good Health, Success and Peace !!

Frances Pegram McDonald,
Advisor

To those of you who will spend hours perusing this volume looking for grammatical errors, misspelling, and improper grammar, have fun, for you will will find loads of them.

For those of you who will spend hours perusing this volume looking for friendly faces, sports, activities and remembered good times; have fun, for our tiny staff has spent months, days, weeks and hours, preparing these pages for your future enjoyment.

If it pleases you, we are pleased. If it does not please you we are sorry. We've given it our best shot.
